2. Claims 1, 5-10, 19, 21-22, and 25-28 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The closest cited prior art fails to teach or suggest the features of inputting first and second images to an optical correlator, rescanning the defined ROI using a second level of resolution higher than the first level of resolution to obtain a third image, and visually emphasizing historical changes between the historical and rescanned ROI images, in view of the additional features recited in independent claims 1 and 19. Claims 5-10, 21-22, and 25-28 are also allowed for the same reason as stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
